

MINORS ON CAMPUS ANNUAL COMPLIANCE CERTIFICATION

The University of New Mexico is committed to the safety of all members of its community. UNM has particular concern for potentially vulnerable populations, including minors, who may require special consideration and attention. UNM enacted University Administrative Policy (UAP) 2205: Minors on Campus, establishing general standards for minors participating in University programs and visiting University workplaces and classrooms.

Compliance with UAP 2205 for UNM Programs includes:

- Receipt of necessary signed waivers and releases;
- Proper ratios of staff to minor program participants;
- Completion of appropriate training for authorized adults and program leaders; and
- Criminal background checks for authorized adults and program leaders.

All departments and units that are involved with programs for minors must complete this certification and return it to the Office of Compliance, Ethics & Equal Opportunity (CEEEO) at ceeo@unm.edu by April 1st of each calendar year.

If upon review of this form, you are unaware if your department or unit is in compliance, or if you are aware of non-compliance issues, please contact the CEEEO at 505-277-5251.

Department/Unit: _____

Program/s: _____

Program leader: _____

I hereby certify that our Minors on Campus program(s) is/are in compliance with University Administrative Policy (UAP) 2205.
